 Subject: FW: Impact of Proposed Water, Sewer and Property Tax Rate Increases

Mayor and Council – in response to a request we received today for the average cost per resident for what is recommended we share the following:

The average resident with a \$69,208 assessment that uses 167 gallons per day of water, would experience an increase of \$7.14 per month.

This is based on a 9% tax increase and a 8% water increase.

Impact of Proposed Water, Sewer and Property Tax Rate Increases	
per Household per Month ¹	
Water (8%)	\$ 3.12
Sewer (0%)	-
Property Tax (9.0%)	4.02
Proposed Monthly Increases	\$ 7.14
Total Monthly Increases	\$ 7.14
¹ Assumes water volume of 167 gallons per day and assessed value of \$69,208 (average residential AV)
